INTERNATIONAL FEDERATION OF BRICS INTELLECTUAL GAMES

The Federation is designed to promote the formation of a socially oriented paradigm of thinking of the younger generation, to unite the interests of various segments of the world population, to provide equal opportunities for every inhabitant of the planet to regularly improve their own intelligence by participating in online and offline tournaments and championships

The Federation is the initiator of the annual National Award "**BEST INTELLECTUAL GAME OF THE YEAR**", which is designed to support and popularize new intellectual games created in BRICS countries

The presentation of the Award will take place on **FEBRUARY 15, 2022**

KEY GAME FEATURES

Intellectual and sports game “FATUM” is a unique quintessence of chess and other board games

- ♖ Number of players – 2
- ♖ Includes elements of strategy and tactics
- ♖ Expands the consciousness of players
- ♖ Contributes to the development of person’s skills, which were defined as “the competences of the future” after the World Economic Forum in Davos, 2020
- ♖ Creates opportunities to be a highly demanded specialist in many professional fields in accordance with modern trends
